As generated by ChatGPT: "Are you ready to revolutionize your Risk-Based Quality Management (RBQM) practices? Don't miss our upcoming webinar, where we will explore the incredible potential of Artificial Intelligence (AI) in RBQM and how it can drive efficiency and ensure patient safety. During this dynamic session, our industry experts will explore the applications, benefits, and best practices of integrating AI into RBQM processes."

ABOUT "mindsON RBQM" WORKSHOPS

mindsON RBQM is a series of workshops by CynTEGRITY's MyRBQM Academy that provides practical advice on the challenging aspects of an RBQM roll-out and its daily execution. Each workshop allows room for interactive dialogue and problem-solving exercises. We invite you to share your own experiences and participate in the interactive dialog with our well-known industry experts, Johann Proeve (PhD) and Keith Dorricott (MBB). If you prefer to listen and observe, that's okay as well.
