

NIS2 & DORA: Essential Insights for Financial Service Providers

Join us for an in-depth exploration of NIS2 and DORA and what they mean for financial service providers. Gain valuable insight into compliance requirements, backup and recovery strategies, and implementation best practices. Discover why IT infrastructure resilience is critical in today's financial sector.

Points to be covered in our live event:

- Understanding NIS2 and DORA
- Importance of NIS2 and DORA to financial services organizations
- Backup and recovery requirements in NIS2 and DORA
- Technical and organizational measures
- Data backup and recovery procedures
- Best practices for implementing backup and recovery solutions

We will end the event with an Ask Me Anything!

Don't miss this opportunity to enhance your understanding of NIS2, DORA, and how to navigate compliance and resilience in the financial sector.
