

# Data Dreamland 2023

## **COST-EFFICIENT DATA SOLUTIONS ARE THE PERFECT WAY TO IMPROVE YOUR BUSINESS**

This conference is a unique opportunity to discover new ideas, interact with others and gain insight into the current costefficiency landscape.

Where are opportunities to reduce costs hidden, and which investments are essential?  
Can you have both in one package?  
How have other companies mastered such a situation? Find your answers at our conference!

Hear from our speakers and their experiences – both positive and negative.  
See what it might look like to build a cost efficient strategy, with the use of suitable solutions.  
Get to know our sponsors and their products without any obligation.  
Make many new connections and Be amazed at the many ways your business can grow.

This event is designed to make sure you don't miss anything and get maximum benefit from it:

- The sessions run as one track only
- Many long breaks for various conversations (not only for eating)
- Enough time to check out the exhibitors and their products and have them explain their products to you
- Short presentations that don't make you fall asleep
- The possibility to talk to the speakers as well
- An exciting evening program (included) in small groups, so you don't have to spend the evening alone
- Sufficient catering

We look forward to providing you with a valuable experience and a deep insight into the world of cost-efficient data solutions
