

18th Confocal Raman Imaging Symposium

The 18th Confocal Raman Imaging Symposium will take place from **September 26 – 28, 2022, in Ulm, Germany**. Organized by WITec, this annual event brings together the Raman community to catch up with each other and discuss the latest developments in technology and applications.

Day 1: Introduction to Raman Microscopy

- **Sebastian Schlücker**: The Principles of Raman Spectroscopy and Its Application in Microscopy
- **Jürgen Popp**: Raman Imaging for Life Sciences and Biomedical Research
- Poster session, evening lecture and more...

Day 2: Applications of Raman Imaging

- Session I – Geo and Environmental Sciences
- Session II – Life Sciences and Pharmaceuticals
- Session III – Advanced Imaging and Materials Analysis
- Session IV – Contributed Presentations
- Conference dinner & Poster Award ceremony

Day 3: Confocal Raman Imaging Instrumentation

- Equipment overview and demonstrations at WITec headquarters

Abstracts can be submitted until August 18, 2022. For further information, including the program and registration, please visit the conference webpage: www.raman-symposium.com

Beginn:

Monday, September 26, 2022, 2:00 PM Uhr

Ende:

Wednesday, September 28, 2022, 3:00 PM Uhr

Veranstaltungsort:

Münsterplatz 50

89073 Ulm

Germany
