

# **(Senior) UX/UI Designer (f/m/x) (Full-time | Hamburg)**

Would you like to be part of our dynamic, highly motivated Experience Design team preferably in Munich (Berlin or Hamburg also possible)? As soon as possible we are looking for a

## **(Senior) UX/UI Designer (f/m/x)**

### **YOUR TASKS INCLUDE:**

#### **Project work**

- take ownership for successful realisation of projects, from start to finish: think in “impact” not only “deliverables”
- follow User Center Design methodologies
- deliver quality UX concepts that focus on solving the right problem for the right people
- deliver quality UI concepts that are usable, accessible, aesthetically pleasing and support strategic goals
- work closely and effectively in interdisciplinary teams consisting of: data analysts, PMs, Devs, Content specialists, Strategists etc.
- proactively propose, prepare, run and analyse user interviews, usability testing and other research and testing UX methods (you will own the area of user research and usability testing in the team)

#### **Client facing**

- proactively consult the client and the team, on the goal, scope and the workflow of the project
- articulate design decisions

#### **Team/Company Facing**

- be a mentor to more junior members of the team
- help to establish UX culture and processes within the team and the company

### **PARTICULARLY YOU FIT WITH THE FOLLOWING PROFILE:**

#### **Hard skills**

- Experience in creating UX concepts.
  - o Keywords: UCD, user oriented, user centered design, user flows, customer journey mapping, personas, expert audit etc.
- Experience in user research and usability testing techniques.
  - o planning, running, analyzing findings and improving the concept based on the findings
  - o Keywords: surveys, user interviews, co-creation sessions, thinking aloud protocol, usability testing, NFP scale, SUS scale, design hypothesis, card sorting, design sprint etc.
- Solid understanding of UI, usability & accessibility topics.
- Good German min.B2  
(needs to freely communicate with Clients in German, run interviews in German)

#### **Soft skills**

- able to organise their own work as well as the work of others (i.e. the team or juniors)
- able to work on multiple projects at the same time
- excellent communication skills
- analytical and structured problem solver
- impact (not deliverables) oriented,
- growth mindset
- proactivity, self-responsibility (taking ownership), motivation
- positive, open, kind and respectful
- staying up to date with recent design and tech trends
