

Senior Technical Sales Manager (m/f/d) (Full-time | Lichtenau / Telearbeit)

Are you looking for a dynamic position that blends technical expertise with global business development? Can you lead with innovation and strategic vision? Are you ready to take on a pivotal role in expanding the Defense market?

Join our LS telcom Defense & Security team as an active member committed to growing our presence in the military market. In this role, you will lead our Defense & Security solution portfolio, develop technical roadmaps, and coordinate seamlessly between product development departments. Your responsibilities will also include managing bids, supporting sales efforts, generating new business opportunities, and driving customer acquisition and relationship expansion worldwide, including delivering presentations at key events.

Ideal candidates will have a Bachelor's or Master's degree in Engineering or Science, over five years of experience in technical product management and sales, and extensive knowledge of the Defense industry. Fluency in English and a good knowledge of German are required, with additional languages being an advantage.

Ready to apply? We look forward to receiving your application via email at Career@LStelcom.com.
